Cool Kids Story

One Monday, Bacon, Spike, Barbet and Gaysha were in the house. They were chilling and sitting in their house. But their stomach growl. They were hungry and they change their clothes and wear shoes. So they got out. They went to a private mall and talked about food.

While they were finding the restaurant, they saw Gail's Fast Food! They were very excited. They started

talking again because they were guessing what food they could have in this restaurant.

They went in. They ordered some food for lunch. They waited for some minutes. The food then came and they started to eat their lunch. While they were eating, a mouse suddenly came to steal the food!

The mouse said, 'Please give me some food. I'm hungry too!' But Bacon said, "Why don't you order one?" The mouse said, "They will hurt me!" Bacon gave him a piece of pizza and they ate happily together.
