Behaving In Public Places

We should become good citizens. To become good citizens, we must behave in public places such as library and cinema.

We have to behave in the library. We shouldn't talk loudly or eat and drink. We shouldn't make the books dirty. We shouldn't disturb others either. We should return the books on time. We should also keep our phones on silent mode.

In the cinema, we shouldn't be noisy or use our phones because we may disturb others. We should speak quietly if needed. We shouldn't eat noisily or else.

If we behave well in public places, we are considered to be good citizens.
