

Jordan Road Government Primary School
One-off Grant for Promotion of Self-directed Language Learning (English Language)
2026/27 School Year

The major objectives of promoting Self-directed Language Learning:

- 1) To foster a culture of self-directed learning by providing pupils with diverse, interactive digital learning resources and platforms.
- 2) To enhance language proficiency and reading engagement through experiential outdoor activities, specialized dramatic workshops, and school-based language days.
- 3) To integrate innovative technology (AI) into the upper-primary writing curriculum, offering personalized feedback to optimize learning outcomes.
